## Timeless Premium Packages

### **Timeless Lift and Restore**

Gemma adopts a full-face approach to facial restoration. Dermal filler is placed strategically and subtly at various facial points, to lift and restore sagging, lax skin.

Light sagging £479

Moderate sagging £799

Deep sagging £1350

### **Timeless Lower face Restore & Rebalance**

Aimed at those who struggle with loss of definition to jaw line and receding chin. The root cause is often dental overbite, combined with ageing skin and skeletal changes.

Subtle restoration can improve definition and projection, to bring balance to the lower half of the face.

£460 to £699. Depending on severity.

### **Timeless Reveal**

Bespoke selected acids are applied to slough off environmentally damaged, tired, ageing skin. This is combined with 3 specific medical grade skin products for maintenance. Results – Smother, brighter, tighter radiant looking skin.

### **Mini Reveal**

£169

**Maximum Reveal** (Allow lay low time of 5-6 days)

£409

## **Timeless Regenerate & glow**

Gemma's Regeneration package helps you say good-bye to ageing, dull, sun damaged and crepey skin. This treatment consists of a handpicked treatment combination, with medical depth micro needling to resurface and stimulate the skins collagen production. Topped off with micro-injections of hyaluronic acid, vitamins, placed in to the skin to adding hydration, radiance and luminosity. Resulting in reduced fine lines and a plumper, hydrated, luminous even skin tone.

### **Full Face**

£479. Course of three £995

### **Full face and décolleté**

£519. Course of three £1100

### **Timeless Clear**

Aimed at those struggling with congestion, acne and problematic skin. Depending on severity, results can take anywhere between 6-12 weeks. The package encompasses prescriptive peels, specific skin care, LED, blood analysis nutritional and lifestyle advice.

With full blood profile £745. Without blood profile £635
